

# MERCIAN INTER-RIDING CLUB LEAGUE

## RULE BOOK 2018

The Mercian Team events began in 1984, when Jan Williams of Wolverley (then Stourbridge) Riding Club invited representatives from Affiliated Riding Clubs in an area roughly defined as being 'along the M5' to an informal meeting at which The Mercian Group was formed.

The original aims were to:

- avoid clashes of show dates by Riding Clubs
- exchange schedules and information with other Clubs across the Area
- foster inter-club competition at a level below official Riding Club Area level, which was felt to be getting beyond the reach of many of the riders that local Riding Clubs cater for.

Whilst the original aims of sharing information still applies, the inter-club competition became the key driver. Clubs now compete for a trophy awarded to the Club amassing the most points across the season at Mercian events.

## QUIZ

47. All members of the Quiz team **MUST** be members of the club
48. The organising club can choose format, however, it usually consists off approximately 10 rounds and has a least one horse related round.

## OTHER COMPETITIONS

49. If a club wishes to run a competition that does not fall under one of the above categories, they must submit a copy of the proposed schedule to the Mercian chair, along with details on how the event will be scored.

## **SCORING**

50. With the exception of the Quiz, all team places are calculated using the individual arena placings of the all team members.
51. In each arena or section, the winner earns one point, 2nd place 2 points and so on down the rankings. Every competitor therefore 'earns' a score unless disqualified.
52. The team with the **lowest** overall score will be declared the winner.
53. In ODE and Hunter Trials, there should only be a short timed section. This time is only used to decide places in the event of a tie.

## ELIGIBILITY

Please refer to Appendix 1: Eligibility. In addition, the following rules apply:

54. All eligibility rules are **discipline specific**. For example, a horse and rider combination that is not able to compete in the Dressage, may still take part in the One-Day-Event.
55. A horse and rider combination competing at Area level cannot compete at a lower level at a Mercian competition, unless they have been downgraded (see rule 58).
56. **A horse that has been placed in the first three at a BRC Championship cannot compete in the same discipline at Mercian level for 3 years.**
57. **A horse that has been placed 1st to 6th at an Area Qualifier cannot compete in the same discipline at Mercian level for 2 years.**
58. While every effort has been made to cover all eventualities within appendix 1, where there are shortcomings, team managers are asked to make entries in the spirit of the Mercian Group principles.
59. If a team manager wishes to officially downgrade a member, they must put the case in writing to the Mercian Chair, who will review the case. The case must be presented at least a month before the closing date of the desired competition. The Chair's decision will be final, but can be re-presented the following year on appeal.
60. The minimum penalty for entering non-eligible members is to have the points from that competition deducted from the league. Further penalties may be imposed if the club is found to be constantly breaking the eligibility rules. All penalties are at the discretion of the Mercian committee.

## POINTS LEAGUE

61. Points are awarded as follows: 1st = 8 points; 2nd = 7 points; 3rd = 6 points; 4th = 5 points; 5th = 4 points; 6th = 3 points. Any unplaced teams that participates = 1 point.
62. While a club may enter as many teams as they like (subject to rule 7 and 71), only the two highest placed teams will be awarded 'place' points (ie. for 1st to 6th). Any further teams that are placed for that club will only earn 1 participation point. Place points will then be awarded to the next placed team from a different club.
63. The **OVERALL** league will be calculated on the 6 best places earned by each club. (for example, a club that wins 6 classes in the year will be placed above a club that wins 5 and comes 2nd in one).
64. In the event of a tie, the 7th best place will be taken into account, then the 8th, and so on down the line until the tie is broken, or one of the clubs involved does not have another score.
65. A separate **FLATWORK** league will be calculated as per rule 62 and 63, but only covers points won at Dressage, Dressage to Music, Showing and the Quiz.
66. A separate **JUMPING** league will be calculated as per rule 62 and 63, but only covers points won at Show Jumping, Style Jumping and Hunter Trials.
67. A separate **COMBINED** league will be calculated as per rule 62 and 63, but only covers points won at Combined Training, One-Day-Event, Eventer Challenge and Two Phase Competitions.

## RUNNING A COMPETITION

68. Any club wishing to run a competition within the league must put forward their proposals at the annual AGM held in the preceding year.
69. Final dates must be confirmed and related to the Mercian Chair before **April 1st**. Any dates confirmed after this, **MUST** be discussed with the Chair before schedules are finalised to ensure that no dates clash.
70. Where possible, Mercian events should not clash with BRC Area Qualifiers (NB. This effects Area 5, 9, 15 and 18 - the Mercian secretary will keep a list of dates as reference).
71. An organising club may restrict the number of teams entered per club if limited by time or space at the venue. However, if spaces subsequently become available, then these must be offered to the clubs already entered on an equal basis.
72. Schedules must clearly state the height of fences in cm or feet & inches.
73. Rosettes **MUST** be awarded 1st to 6th (minimum) on the day to all team and individual places.
74. Schedules must be sent to the Mercian Secretary at least 1 month before the closing date of entries. Schedules will be distributed to all Team Managers on receipt.
75. A full copy of the results must be sent to the Mercian Secretary within a week of the competition.
